NEW PRODUCT ANNOUNCEMENT

HAM-LET HOSES NOW IN RUBBER!

We are happy to announce that we are continuing in developing our high quality industrial hose offering with the introduction of our new Rubber Hose assemblies and components line.

The new HAM-LET RHG rubber hose line is designed for pneumatic and hydraulic applications, automotive industry, shop air systems and general industrial use.

HAM-LET RHG rubber are to be used with HAM-LET HOSE-END™ fitting and are available as factory tested and ready for use assemblies or as components for field assembly.

Hoses assemblies:

- Any length (long assemblies might be spliced).
- Any end fitting selection out of our wide range and more.

Assembled, Tested, cleaned and packed per EN16643:2016
